Product Description

HCS-3020 Features

- 21.2 cc professional-grade, 2-stroke engine - delivers outstanding power
- Front facing exhaust - prevents bush browning
- Leaf collector - helps sweep away cut material for a cleaner finish
- Single-sided, double-reciprocating RazorEdge™ blades - precision ground and laser cut for long-lasting sharpness
- Commercial-duty air filtration system - allows longer run times between routine maintenance
- Heavy-duty gear box - offset gear box positioned below the handle frame for a precise cut on the first pass
- i-30™ starting system - reduces starting effort by 30%
- Front-hand safety guard - reduces accidental contact with moving blades
